## Variable Temperature Certified Diagnostic Specimen Shipper

**CPO-001 Generic**

This versatile shipper provides an extremely long service life when compared to conventional cardboard containers. Duramark units are easily cleaned, stores flat and used time after time. Duramark shippers will save you money over their useful life when compared to cardboard shippers!  
**Model: CPO-001 Generic** (Corrugated plastic outer wrap)  
**Size: 20 1/2" x 13 1/4" x 16 1/4"** - Under UPS oversize limit of 84

**Printing:** Printing is not included on standard model.

**Features of Corrugated Plastic Outer Wrap:**

- Heavy duty 4-mm thick plastic
- Easy to clean bright red color
- Simplified strapless closure system
- Handle for easy carrying

**Insulation Thickness:** Stock urethane boxes come with 1" insulation. Increased insulation thickness is available upon request.

**Interior Configuration**

A. 1-large

C. 1-medium & 2-small

B. 2-medium

D. 4-small

Model Number	Size	Size (Outer Dimension)
URE-003	Large	19.75" x 13" x 15"
URE-002	Medium	9.75" x 13" x 15"
URE-001	Small	9.75" x 6.25" x 15"

**Thermally Efficient:** Frozen, refrigerated and room temperature specimens can be shipped side by side in the same corrugated plastic outer wrap.

**Space Efficient:** Both the CPO-001 Generic and the insulated inner containers are collapsible thus reducing warehouse space and decreasing shipping costs.

**Certified Diagnostic Shipper:** Meets IATA/ICAO packing instruction 650 and US DOT 49 CFR 173.199 criteria for shipping diagnostic specimens via ground and air transport when packaged properly.

**Customization:** Full customization is available for our specimen transport system: size, printing and colors. Minimum order quantity is 24 units. Allow 4-6 weeks for delivery after approval of artwork.
